**Livingston County Health Department**  
**Offering H1N1 Vaccination Clinics**

The Livingston County Health Department will be offering H1N1 influenza vaccine for the first priority groups beginning on Wednesday, October 21<sup>st</sup>. Both the nasal mist and injections will be offered.

The CDC has defined priority groups for the first round of H1N1 vaccination. These priority groups include: pregnant women; children and young adults ages 6 months through 24 years; adults ages 25 to 64 with a chronic health condition or lowered immunity; household members and caregivers of children less than 6 months of age; health care workers; and EMS providers with direct patient contact.

Adults and children age ten and over will need only one dose of vaccine. Children ages 6 months through age 9 years will need two doses, with the second dose being given at least 21 days after the first dose.

H1N1 clinics, at the health department, 310 E. Torrance Ave, in Pontiac, have been schedule as follows:

Wednesday, October 21<sup>st</sup>, 8:30 a.m – 1:30 p.m.; Monday October 26<sup>th</sup>, 3:00 p.m.- 7:00 p.m.;  
Wednesday, October 28<sup>th</sup>, 7:30 a.m. – 1:00 p.m; Saturday, October 31<sup>st</sup>, 10:00 a.m. – 2:00 p.m.;  
Wednesday, November 4<sup>th</sup>, 7:30 a.m. – 4:00 p.m.; Saturday, November 7<sup>th</sup>, 10:00 a.m – 2:00 p.m.; and  
Wednesday, November 18<sup>th</sup>, 7:30 a.m. – 4:00 p.m.

The H1N1 vaccine is being provided at no cost to the public, through a grant received by the health department.

The health department expects to receive weekly shipments of vaccine. Future clinic dates and times will be announced as additional vaccine is received and priority groups are expanded.
